

MEET John Caverly, OWNER OF SWEET CANE FARM ON HAWAI'I ISLAND

“The beautiful thing about growing pumpkins is you really don’t have to do anything... I don’t fertilize them, I don’t water them – they just grow.”

- **Sweet Cane Farm produces over 2,000 pounds of pala‘ai each harvest.**
- **John grows many crops, including ‘ulu and pala‘ai!**
- **Pala‘ai serves as a “ground cover”, suppressing weeds around the ‘ulu trees.**

UNIVERSITY of HAWAI'I at MANOA

COLLEGE OF TROPICAL AGRICULTURE
AND HUMAN RESILIENCE

This institution is an equal opportunity provider. Created by Hawai'i 'Ulu Co-op.
